Carbon neutral shipping
with DHL

This certificate is issued by Deutsche Post DHL Carbon Management. The CO₂ emissions stated on this certificate, based on calculations and assumptions, are offset via investments into climate protection projects as mentioned above, following international standards. SGS (Société Générale de Surveillance) has verified the tracked CO₂ emissions and the CO₂ offsets against the Carbon Management System and the ISO 14064 principles of Relevance, Completeness, Consistency, Accuracy and Transparency for the period of 01.01.2012 to 31.12.2012.
